ControlMySpa™ was built to provide the Spa Professionals with real-time access to the tub so you will think you are actually standing next to it. And, for your Customer, peace of mind, new app features, the ability to schedule events and equip smart heating so your spa is ready to go when you are.

WELCOME TO CONTROLMYSPA™

Overview

ControlMySpa™

CMS™ SYSTEM CONSISTS OF:

WEBSITE

ControlMySpa™ website with
Login and access to spas

CMST™ GATEWAY ULTRA Modules

Home Module

Spa Module

www.balboawater.com/GatewayUltra

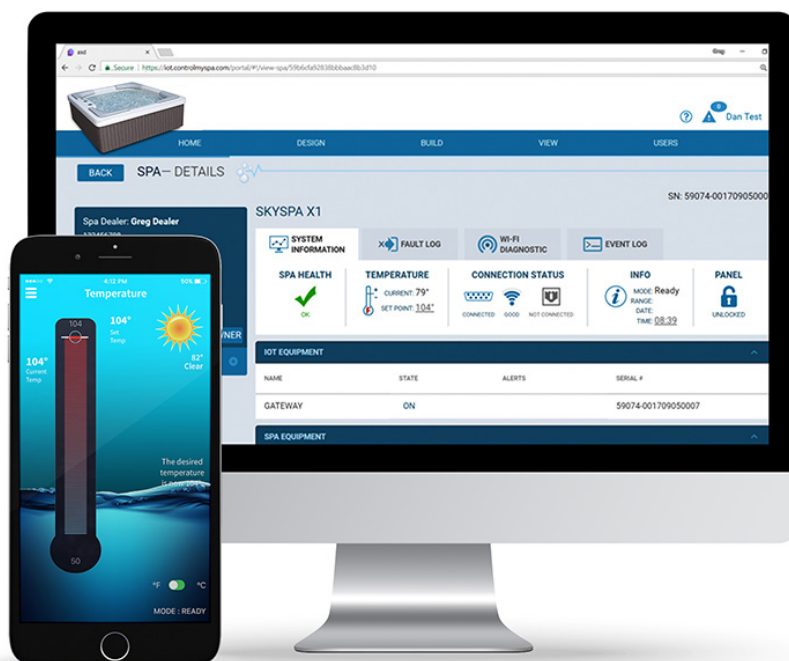

SMARTPHONE | TABLET

iOS (Apple) ControlMySpa™
mobile app and/or Android
ControlMySpa™ Mobile app

The ControlMySpa™ system consists of:

- ControlMySpa™ Gateway installed on a spa/Hot Tub
- iOS (Apple) ControlMySpa™ mobile app or Android ControlMySpa™ mobile app
- ControlMySpa™ website with log-in and access to spas

The ControlMySpa™ Logins:

- The iOS or Android ControlMySpa™ apps can only be accessed with an owner log-in
- The ControlMySpa™ website can be accessed with an owner log-in.

GATEWAY ULTRA INSTALLATION GUIDE

ControlMySpa™

GATEWAY ULTRA Hardware Connections

GATEWAY ULTRA Module (side view)

GATEWAY ULTRA Module (side view)

ControlMySpa™

Connect GATEWAY ULTRA hardware in your home

Step 1

Plug the supplied ethernet cable into the home router (A).

Step 2

Plug the other end of the ethernet cable into the GATEWAY ULTRA module (B).

Step 3

Plug the supplied power cord into the GATEWAY ULTRA module (C).

Step 4

Plug the other end of the supplied power cord into wall power (D).

LED Light Chart (E)

This chart applies to the home and spa GATEWAY ULTRA modules.

-  Red - Solid: The GATEWAY ULTRA and the spa are not connected.
-  Red - Blinking: Home and spa GATEWAY ULTRA modules are connected, but no connection to the spa controller.
-  Blue - Blinking: Remote software update is underway. Do not unplug power.
-  Green - Blinking: CMS™ GATEWAY ULTRA spa and home modules RF is connected, but no connection to internet.
-  Green - Solid: Spa successfully connected to internet. No errors.

STOP!

Warning: All high voltage electrical work should only be performed by a trained and licensed electrician. All electrical work performed should comply with national and local electrical codes and regulations applicable for the location of the Spa.

CONTROLMYSPA™ GATEWAY ULTRA INSTALLATION ON SPA

PLAN FOR SET-UP:

Although the GATEWAY ULTRA module can be mounted anywhere in the spa and function properly, for best possible reception and range, the GATEWAY ULTRA module should be mounted in the spa as high up in the spa as is reasonable.

ControlMySpa™

GATEWAY ULTRA Installation on Spa

Step 1

Ensure All Power is Disconnected to Spa

Warning:

WARNING: All high voltage electrical work should only be performed by a trained and licensed electrician. All electrical work performed should comply with national and local electrical codes and regulations applicable for the location of the Spa.

Step 2

Ensure The Spa Controller is made by Balboa Water Group (BWG)

Ways to tell if the spa controller is from Balboa Water Group

The Control System Serial Number has “Balboa” on it

The Control System PCBA has “Balboa” on it

NOTE: If your spa does not have a Control System made by Balboa Water Group (BWG), then ControlMySpa cannot be used.

ControlMySpa™

GATEWAY ULTRA Installation on Spa

Step 3: Ensure The Spa Controller is a BP Series Spa Control System

Ways to Tell if the Spa Controller is a BP Series Spa Control System:

Control System

A.

The Control System Enclosure Sticker has “BP” on it. Note: Not all BP Enclosure Stickers have “BP” on them, but many do.

Serial Number

B.

The Control System Serial Number has a “BP” in the model number. Note: Not all BP Serial Numbers have “BP” in the model number, but many do.

PC Board

C.

The Control System PC Board has Four Pin Molex Female Connectors. Only BP Control Systems from Balboa Water Group have these connectors on the PC Board, and all BP Systems must have them.

NOTE: If your spa does not have a BP Control System, then ControlMySpa™ cannot be used.

STEP 4

Using a Screw Driver, Remove the Enclosure Cover from the BP Control System in your Spa

STEP 5

Connect low voltage cable from Gateway to BP Spa Controller

Connect the low voltage RS485 cable to the spa data bus. The 4-pin connector connects to any available panel port, or to a splitter already connected to a panel port. Please make sure you connect in the correct plug orientation.

CONTROLMYSPA™ GATEWAY ULTRA INSTALLATION ON SPA

STEP 6

Mount the GATEWAY ULTRA module inside your spa as high up as possible and away from other metal components.

STEP 7

Using a Screw Driver, firmly re-attached the enclosure cover to the BP Control System in your Spa

STEP 8

Turn on power to Spa

ControlMySpa™

ACCOUNT SETUP AND SPA CONNECTION

ControlMySpa™ App for the smart device

FOR IPHONE® OR IPAD® (IOS/APPLE)

Search the Apple iOS App Store for

“controlmyspa”

Or Use this link: <https://goo.gl/j31t1V>

FOR ANDROID® PHONES/TABLETS

Search Google Play App Store for

“controlmyspa”

Or Use this link: <https://goo.gl/CG4Yci>

**Control your tub
from your smart device.**

ControlMySpa™

CMS™ Code Information

WHAT IS A CMS™ CODE?

- CMS™ Code is an 8 digit letter/number combination that all Spa owners must have to use spas equipped with the ControlMySpa™ system
- Spa owners will need this CMS™ code to setup and connect their spas in the ControlMySpa™ database.
- The CMS™ code connects your spa to your OEM and Dealer for service and support

EXAMPLE CMS™ Code: ABC-12345

ABC = 3 letter code unique to each spa Manufacturer or OEM

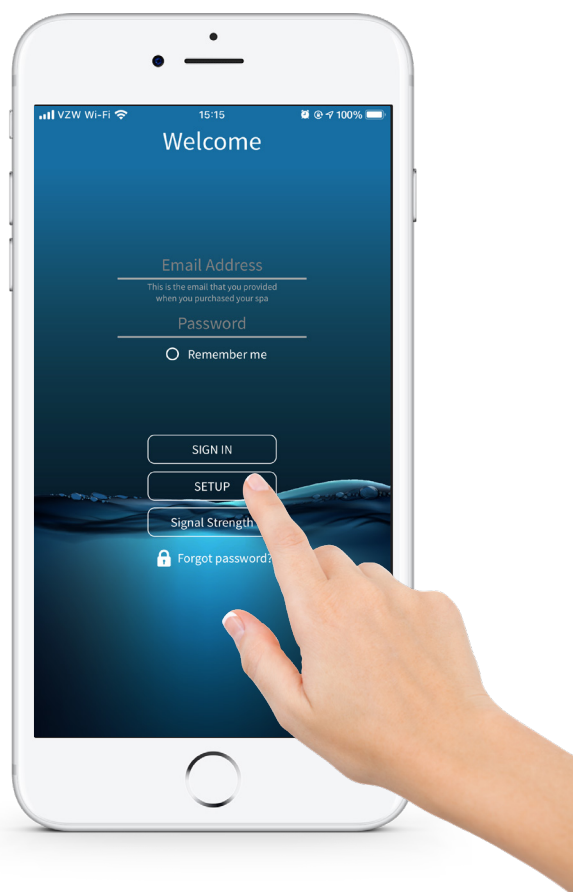

12345 = 5 number code unique to each spa Dealer or Distributor

Note:

If you do not have a CMS™ Code, contact Your Spa Dealer or the Company that sold you the Gateway for Retrofit on your existing spa.

ControlMySpa™

Setup Spa Owner User Account

1.

Open the app on your smart device

Press "SETUP" on the app.

2.

Press "Next"

Confirm Bluetooth is ON in the iOS Settings.

ControlMySpa™

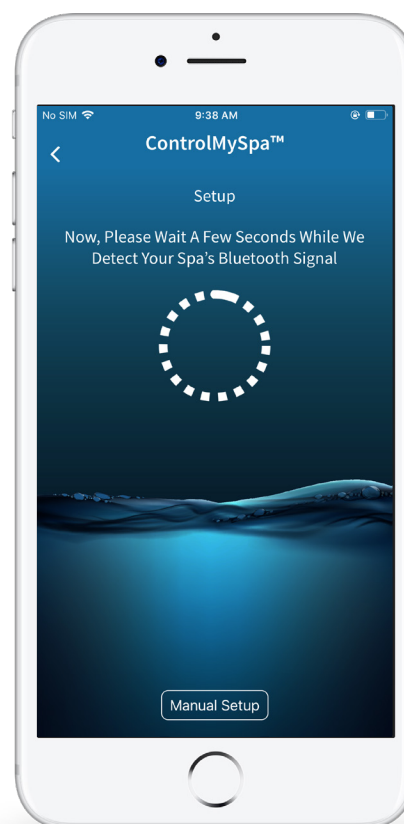

Setup Spa Owner User Account

INTELLECTUAL PROPERTY ADVISEMENT

All Intellectual property, as defined below, owned by or which is otherwise the property of Balboa Water Group or its respective suppliers relating to the Balboa Water Group BP Spa Control Systems, including but not limited to, accessories, parts, or software relating to the "System", is proprietary to Balboa Water Group and protected under federal laws, state laws, and international treaty provisions. Intellectual Property includes, but is not limited to, inventions (patentable or unpatentable), patents, trade secrets, copyrights, software, computer programs, and related documen-

tation, and other works of authorship. You may not infringe or otherwise violate the rights secured by the Intellectual Property. Moreover, you agree that you will not (and will not attempt to) modify, prepare derivative works of, reverse engineer, decompile, disassemble, or otherwise attempt to create source code from the software. No title to or ownership in the Intellectual Property is transferred to you. All applicable rights of the Intellectual Property shall remain with Balboa Water Group and its suppliers.
